LIMITLESS LIVING
 FOR EVERY ASPIRATION

There is a palpable feel to Solaris Parq, the next lifestyle horizon from the creator of Publika. Built on one of the last prime spots next to Publika, limitless living is reimagined with endless lifestyle choices within an urban park living concept.

The mixed development combines every lifestyle aspiration. On one side, a prime residential area covers 3.67 acres while at the other end is a commercial space of 12.56 acres that includes vibrant retail, offices and living suites. At the heart of it all, separating the two, is a verdant 2 acres urban park. The convenience of leisure and work delivers an immeasurable promise to new horizons, layer after layers.

Evocative Elegance

Scenic vistas. Carefree days by the park. Vivacious styles at the corner boutique. Residensi Solaris Parq combines every lifestyle aspiration within a vibrant mixed development that features an iconic 2 acres urban park and a commercial square.

Luxury Inspired by Nature

Created by the renowned GDP Architects, the design philosophy follows the idea of harmony between the earth and sky. They represent nature and progressive heights of luxury through a forest theme and grand vertical designs. Each home is partially furnished with branded kitchen appliances, and protected by a 4-tier security system.

2 Acres Urban Park

Life by a lush urban park offers delightful promises with four different zones for different moods - a Grassland open lawn area for events in the garden, A Play Yard for children, the Flower Sea for inspiration and the Forest Atrium that immerses you in the wellness of nature.

Residensi Solaris Parq is designed with a forest theme concept that entices limitless living beyond walls. It features three distinct facilities areas that enhance the idea of luxury inspired by nature.
